Introduction

1. NHS England has a statutory duty to undertake an assessment of CCGs on an annual basis. This has been done under the auspices of the Improvement and Assessment Framework (IAF), with the overall assessment derived from CCGs' performance against the IAF indicators, including an assessment of CCG leadership and financial management.
2. Each CCG has received an overall assessment that places their performance in one of four categories: outstanding, good, requires improvement, or inadequate.

3. Assessments have been derived using an algorithmic approach described in the accompanying methodology manual. This approach was agreed by the Statutory Committee in June 2019.
4. The assessment ratings for each CCG are given in this report and the table below shows the number of CCGs receiving each rating in 2018/19 compared to 2017/18.

	2018/19	2017/18
Outstanding	24	20
Good	102	100
Requires Improvement	58	69
Inadequate	11	18
TOTAL¹	195	207

¹ In April 2018, 18 CCGs merged, forming 6 CCGs.

5. Full details of an individual CCG's performance against the framework's indicators are available on the MyNHS website (at <https://www.nhs.uk/mynhs>).
6. NHS England has commissioned an annual survey of CCG partners (the CCG 360° stakeholder survey). The findings of the 2018/19 survey are published alongside this report.
