

5 SIMPLE STEPS TO IMPLEMENTING SOCIAL DISTANCING

OKI'S AWARD WINNING C800 SERIES A3 COLOUR PRINTERS

Ideal for printing floor stickers

The smallest A3 colour digital LED printer on the market

High resolution and colour depth in-house

Handles a variety of media sizes and weights - from business card size to 1.3m long banners as well as self-adhesive & waterproof media including floor and window stickers.

HOW ARE WE HELPING?

Floor stickers are the ideal solution to ensure people maintain a safe distance.

FREE* SOCIAL DISTANCING MEDIA & ARTWORK

To help organisations comply, OKI Europe is offering free* social distancing media & artwork

1. Floralabels media (floor stickers) in the following dimensions 285 × 285mm, 900 × 215mm and 297 × 1320mm.

2. Social distancing artwork with messages reminding people to keep a safe distance and protect themselves and others, designed for printing with OKI's C800 Series printers.

5 SIMPLE STEPS

1. Order your free* social distancing media via www.oki.com/eu
2. Download free graphics
3. Place the floor sticker media in your OKI C800 Series printer
4. Print the required floor sticker designs
5. Stick the floor graphics on the floor placing them the correct distance apart
