# CODING CLASS FOR YOUR CHILD + FUNDS FOR YOUR PTA = AWESOME

National Computer Science Education Week is on December 3-9 2018. To coincide with that, here is an opportunity for your students to learn computer programming skills while raising funds for your PTA.

Here is how it works: CodeWizardsHQ offers an 1-hour introductory programming class that is normally priced at $39. For students of your PTA, it would be offered at an exclusive price of just $20. PLUS, for every student who signs-up for the introductory class, CodeWizardsHQ would donate $10 to your PTA. That's a win-win-win.

To take advantage of this fundraising opportunity and bring coding exposure to your students, please visit - www.codewizardshq.com/pta

Code Wizards HQ
< Coding Education for Children >

About CodeWizardsHQ: With 1000's of satisfied students, CodeWizardsHQ is the most effective way for your child to learn to code. We teach through live, instructor-led, online classes. Students learn real-world programming languages like Python, HTML/CSS, JavaScript, Java and more!
