Taylor Wilson

Featured Speaker: Oct. 30

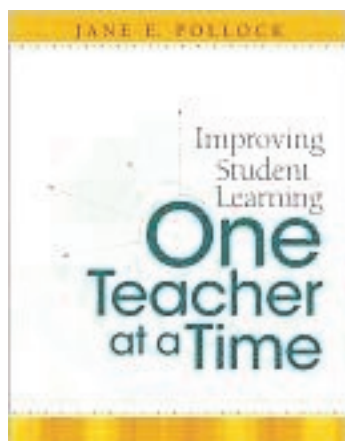

Arkansas' own Taylor Wilson will open the APSRC Fall Conference. Taylor is the youngest person in the world to create Nuclear Fusion— in his garage at age 14! He also developed a radiation detector for the U.S. Department of Homeland Security. Taylor is passionate about science education and excited about speaking to Arkansas educators!

Marc Prensky

Featured Speaker: Oct. 30

Marc Prensky is an internationally acclaimed writer, speaker and educational consultant. He is the author of five books, including *Teaching Digital Natives—Partnering for Real Learning* and *From Digital Natives to Digital Wisdom*. Marc has created over 50 software games for learning and has taught at all levels.

Jane Pollock

Featured Speaker: Oct. 29

Jane Pollock is a nationally recognized education author and speaker. Jane has most recently received notoriety for her work on formative assessment. Jane will provide the keynote presentation at our Pre-Conference Student Assessment Institute on Monday, October 29. In addition, she will provide breakout sessions on formative assessment and feedback.
