

# Make Your Soles Count!

United Military Care is collecting used shoes and sneakers to raise money to assist military families, children and Veterans.

It's simple!

Your family can help by filling a garbage bag full of unused, gently worn shoes of all sizes and styles. Drop them off at our 1220 Old Canton Road, Marietta address at any time.

The process is very simple and yet your participation makes a BIG difference to not only military families here in Georgia but also by helping families from third world countries who actually receive the "new to you" shoes.

Call us today at 770-973-0014 to set up your drop off date!

United Military Care is a nonprofit started by military families and veterans to insure those who have served are receiving the benefits they deserve and the care they need.
